This beautiful acreage property has it all. The sprawling family home has been completely modernised: a new luxurious kitchen and a rumpus area large enough for all leisure activities. The patio leads to the pool and to the all-useable land beyond. A separate driveway to the 4-bay shed with auto-doors, and to a caravan port. The greenhouse and attached tunnel hothouse will be of particular interest. Even the dogs and chooks get their own luxurious accommodation. The sewerage treatment plant is almost new.
